Any Freshpet® Select Slice and Serve Roll

Freshpet Dog Joy® Chicken Treats  
Fresh lettuce leaves  
Peas  
Grated carrot

Lay out your lettuce leaves on a plate, then top with the rest of the ingredients. Wrap them up before you feed to your pup to cut down on mess, or don't. Yes, it's that easy. And yes, they will be gone before you can even tell your guests how you made them.

# CHICKEN BEET BITES

Fresh From the Kitchen™ Home Cooked Chicken Recipe  
Beets  
Greek Yogurt  
Cranberries

Our newest addition, Fresh from the Kitchen – Home Cooked Chicken Recipe is a flavorful yet healthy meal – making it a great addition for your pet’s pre-game. To make these bites, slice up naturally sweet beets to be the base. Then spread greek yogurt over the top. The yogurt will help to make the other ingredients “stick” and is healthy too! Next sprinkle shreds of chicken, carrots, and cranberries from Fresh From the Kitchen on top. Feel free to add extra cranberries.

# MEAT LOVERS SLIDERS

Dog Joy® Sausage Slices  
Select Tender Chicken with Vegetable and Brown Rice Roll  
*(ideally the 1 LB roll, for the perfect bite-sized slice)*  
Fresh from the Kitchen Home Cooked Chicken Recipe

Use our Dog Joy Sausage Slices for the “bread.” Then layer in thin slices of our Freshpet Select Tender Chicken recipe. You can use any favorite Freshpet roll, but we recommend grabbing it in a 1 LB size, as it’s perfect for these bite-sized treats. Then sprinkle in shredded pieces of Fresh From the Kitchen. It’s a mouthful that will keep your dog content during the game.
